

ConceptHouse Mokotow's structure completed

Wednesday, 18 July, 2012

Atlas Estates has informed about the conclusion of its ConceptHouse Mokotow's reinforced concrete structure's construction. As a result, the building, located at the junction of Cybernetyki and Obrzezna Streets in Warsaw, has reached its maximum height of 13 floors. The developer has also aggregated the insofar sales results of which indicate that over 30% of the flats in the property have already been sold. To sustain client interest, Atlas Estates offers a promotion, valid until the end of August, which guarantees buyers PLN 10,000 to finance holidays or a garage place purchase.
