

# **Millennium Plaza's retail gallery hosts Invisible Exhibition**

Thursday, 8 December, 2011

For the last two months Galeria Millennium, located on the lower floors of Millennium Plaza office building in the centre of Warsaw, has won five new tenants who rent the total 325 sq.m. of retail space. The new clients include X-press Couriers's client service point, Dejavu watch shop, Maison Ela boutique and jewellery store Montana. An extraordinary attraction is represented by the newly opened Invisible Exhibition which, in order to demonstrate what problems blind people encounter in their daily life, leads visitors through total darkness.
